BETHEL INN & COUNTRY CLUB CELEBRATING 70th ANNIVERSARY THIS YEAR

The Bethel Inn & Country Club, a local inn rich in history, is celebrating its 70th anniversary this year and wants to share its heritage with the community.

General Manager Ray Moran and Assistant Manager Gretchen Davidson are working closely with Chef Bruce Goodrich, in the planning of several events focusing on, among other things, the Inn's fine cuisine. Among the events planned is a "kick-off" week (April 15-22) where local residents can sample some of the Inn's fine cooking at a special anniversary price. Also planned is a special gathering slated for early July, both for the general public and country club members.

Through the years guests from all over the country have made the Inn a home away from home and many return, summer and winter, to the solitude and beauty of the foothills of the White Mountains of Maine.

Known originally as the Prospect Hotel until fire brought the structure down in 1911, the Inn was rebuilt and reopened in 1913. Credited with the development and construction of the Bethel Inn was Dr. John George Gehring, a physician whose forte was the treatment of patients suffering from nervous disorders and exhaustion. Many of Dr. Gehring's patients were from the uppermost ranks of the professional and business community.

BETHEL HEALTH CENTER TRUSTEES RECRUITING ADDITIONAL PHYSICIAN

The Board of Trustees of the Bethel Area Health Center is pleased to announce that it is actively recruiting another physician to join the medical team at the Health Center within the next few months. The decision to add another physician was made after careful evaluation of the Center's practice and study of its future goals and objectives. The major reasons for adding another physician are to broaden the Center's services, increase patient registry, offer more office hour availability as well as an active hospital practice and to further insure having health providers who will permanently settle in the Bethel area.

The Physician Recruitment Committee is being headed up by Ted Davis of Bethel. According to Mr. Davis, there have been a number of physicians who have expressed interest in working at the Health Center. Both the trustees and staff are working together to interview and ultimately decide on the best individual to join the present Health Center staff. Mr. Davis would welcome input from community residents with regard to what they, the community, might desire in a physician. Please feel free to express your views.

NEWTON & TEBBETS EMPLOYEE RETIRES — A retirement party was held for Ruth Walker Gilbert during an extended lunch break at the Newton & Tebbets mill in West Bethel last Friday. Roy Newton presented Mrs. Gilbert with a watch in recognition of her long and faithful service. She is the last employee to have worked in the old mill which burned in the fall of 1955. Her fellow workers presented her a set of lawn chairs and the refreshment table featured a decorated cake made by Sally Deegan Smith. Mrs. Gilbert worked at the mill in 1944-45 and from 1955 to the present time, except during the construction of the new mill, making a total of 29 years. Pictured above is Mr. Newton presenting the watch to Mrs. Gilbert as her husband, Arthur, looks on.

B.E.A.R.S. Commended

Through the alert and professional emergency response by the B.E.A.R.S. at the scene and the quick transportation of a stabbing victim recently, a life was saved, according to the physician in attendance at the hospital emergency room. The doctor commended the B.E.A.R.S. in a letter and the Board of Selectmen, adding a note of praise, formally transmitted the commendation to the B.E.A.R.S. In the words of the Board's transmittal, "there is nothing quite so eloquent as saving a human life; words only cloud the deed. We simply add our sincere thanks."

Selectmen's Meeting
In their first regular session since Town Meeting, the Board of Selectmen met Monday evening, April 4, and acted on a long and varied agenda. The Board approved a beano license for the American Legion for the period April 4 to Oct. 24, and a renewal liquor license for Ron Gilbert operating as "The Pick and Shovel" (formerly "The Pits").

Board Chairman Arlan Jodrey welcomed Alden Kennett and Danny Davis as the newest elected members. Several procedures and matters of orientation were reviewed for the benefit of the new Board members.

The Selectmen reviewed Board and Committee appointments and voted to re-appoint members as follows: Board of Appeals—Ron Kendall, Dexter Stowell; Budget Committee—Pat Hudson, Herb Lyon; Planning Board—Don Eddy, Dick Hosterman; Safety and Law Enforcement—Barbara D. Brown, Jane Hosterman; Recreation Board—Maryvonne Wheeler, Lawrence Bartlett; Radio Study Committee—Arlan Jodrey, Bob Stearns, Blake MacKay, Burnham Rice, Bob Davis, Arnie Brown, Marcus Moore; Municipal Facilities Committee—Arlan Jodrey, Ronald Stevens, Clark Bartlett, Roland Glines, Bob Davis, Neil Merrill; Assistant C.E.P. New Owners at Locke Mills Food Center

Friday, April 1, marked a change in the ownership of the Locke Mills Food Center as Peter C. and Patricia L. Calliornas, formerly of Scarborough, acquired the establishment from Raymond T. and Alita M. Prada.

The new owners look forward to serving the food needs of families in western Maine, meeting the local residents, continuing the services provided and improving the business. Among planned improvements are an expansion of business hours and renovations which will include the addition of a luncheonette. Peter and Patricia plan that a formal Grand Opening will take place in May.

Mr. Calliornas enthusiastically assumes this new venture, having held prior management responsibilities with Consumer Value Stores and Pizza Hut Corporation. Previously, he has also been involved as an owner and manager in such areas as the restaurant and grocery business.

The background of Mrs. Calliornas (the former Patricia Lizotte), includes many years as a professional educator in the public schools. Having taught for eight years at Oxford Hills High School, she looks forward to returning to the western Maine community.

MEDICAL STUDENT AT BETHEL HEALTH CENTER

The Bethel Area Health Center is pleased to announce that from April 4th-29th they will have medical student Connie Kreiss at the Center.

Connie is a medical student from Yale Medical School in New Haven, Conn. She will finish school in May of 1984 and plans to do residency training in family practice, hopefully in New England. She did undergraduate work at Radcliffe in social studies and then worked as a volunteer in East Africa for five years before starting medical school. She is in Bethel with her husband and baby son and finds her spare moments are filled with her family and studies.

Connie and husband are interested in moving to Maine when she starts her family practice.

Old Man Winter hates to let go of his grip as this morning we woke up to more snow. In fact hail started before supper and made it bad traveling for those who went to Easter evening services. Saturday was a beautiful spring day and all but melted our snow from our March 28 storm. Both of the last Sundays I have looked at the flower garden by the porch intending to rake a little Monday morning; but, lo and behold, it is again covered by snow. Miss having the Easter bunny come for the children but Teresa was brought over Thursday night and Heather was here Sunday so enjoyed both their visits as well as the parents.

Tuesday, March 29, picked up Barbara Immonen at West Paris and we went to meeting in Jay. Actually not too bad traveling after Monday's storm. Kelly Hart rode back to North Paris with us and we ate in Jay. Wednesday, Ruth Butters and I went to Gorham, N. H., and ate out and Friday I stopped and had dinner with Barbara MacDougall.

Wednesday, Evelyn Hilborn took Judy Coolidge shopping to Auburn and Oxford and in the evening was a guest of Bertha Flanders for dinner and installation for Order of Eastern Star, Jefferson Chapter 89 at Bryant Pond and Thursday visited Frances Gammon in Norway. Good Friday Evelyn entertained Bertha Flanders, Locke Mills; Kay McAllister and Frances Farnum of Bryant Pond, and Louie Coffin of West Paris at a combination of Easter dinner and birthday dinner for the April birthdays of Katy and Evelyn.

Sunday, Mr. and Mrs. Victor Coolidge and girls invited Evelyn for Easter dinner.

Sunday night, Charlie, Ruth and Melinda went to the Easter cantata at the Nazarene Church as some of the Masons participated. Chukie sang two solos.

Debbie Seames also sang with the chorus and Joyce Stearns also went. A good turnout was present in spite of the weather.

March 29, Charlie and Ruth Mason went to Togus for Charlie's regular checkup and also stopped to visit their daughter, Terry Blake, and granddaughters.

Fern Benson came Sunday afternoon and brought Mr. and Mrs. Frank Benson a plant. Thursday evening, Frank and Sylvia, had supper at their daughter Sharon and Davis Kimball's and girls. Friday, Joan Coolidge and Sylvia went to Norway on business and for lunch.

Vicki Coolidge, daughter of Mr. and Mrs. Victor Coolidge, had her second birthday. Wednesday, March 23, visitors were Sue, Kristy and Tim Angevine, Lauri Vogt, Evelyn Hilborn, and Grammie and Grampa, Ernest and Alberta Angevine.

Mr. and Mrs. Lester Butters had Easter dinner with Marion Rodger, Lovell. Friday Lester and Ruth Butters spent the afternoon in Berlin, N. H., at Coos County Nursing Home with Ethel Elliott.

Saturday, Mr. and Mrs. Stan Brown spent with their daughter, Anne Rotroff, in Auburn. Wednesday the Stan Browns went to Bailey Island and had dinner in Lewiston.

Jim, Sue and Heather Gibson stopped in on their way to Portland to see the John Labans and show Heather the baby lambs.

Mr. and Mrs. Greg Cummings and boys spent Easter with her parents, Mr. and Mrs. Floyd Keniston. They were joined by Kathie's sister's family and brother.

Mr. and Mrs. George Gilbert had for Easter supper Mr. and Mrs. Ronald Gilbert and Justin, Mr. and Mrs. Randy Gilbert and Kayce and Betty's sister, Phyllis and Bill Bancroft, Albany.

Saturday night Bob, Linda and Seth Howe went to West Bethel Union Church for rehearsal and a supper of the forthcoming marriage of Susanne Kimball and Tom

Howe. Sunday afternoon Bob and Linda went to the wedding of Tom and Susanne. Bob was best man for his brother, Tom, and Linda was matron of honor for Susanne. A reception followed at the West Bethel Grange Hall. Sylvia Fontaine took care of her grandson, Seth Howe, Jeff and Elaine Hutchins also attended the wedding. Tom and Susanne stopped by on their way to the airport with cake and other goodies for Tom's grandmother, Stella Howe, who is back in Stephens Memorial Hospital.

Debbie Seames and family went to church Sunday and church dinner after. Dawn and Ryan are sick with the flu as of this writing.

Jessica and Vicki Coolidge spent Tuesday with Debbie, Ryan and Rusty Seames.

Dr. Leonard Shaw's nephew, Matthew Coon, of New York, visited from March 29 to April 6. Dr. and Mrs. Leonard Shaw, Jen and Jon, went to visit. Dr. and Mrs. Jules Shaw of Brookline, Mass., and uncle, Arthur Goldstein, of Washington, D. C., for the day.

Howard, Mack, Vince and Nick Chapman, and Ada Balentine had Easter dinner at Frank and Ida Chapman's. Tony and Katy Chapman came also. They also observed Vince's 14th birthday which was the 2nd.

Mack Chapman took her grandmother to Ledgewood nursing home last week and they visited Annie Cotton, Mildred Chapman, and Marie Brown of Paris.

Joe and Gerry Shimamura and Thelma Merrill entertained for Friday supper, Billy, Betsy and Justin Shimamura, Jody Shimamura and Jolene Andre. This was in observance of Justin's third birthday, so cake and ice cream were also served.

Belissa Corriveau of Gilead spent Friday to Saturday with her friend Kristy Angevine, daughter of Mr. and Mrs. Dick Angevine.

Sue Angevine helped Monday and Tuesday with pre-school registration.

Saturday Mr. and Mrs. Daniel Hammon and girls, had a cook out with Mr. and Mrs. Jeff Hutchins and girls.

The Daniel Hammon family went to the 8 a. m. breakfast at Pleasant Valley Church.

Mr. and Mrs. Bill Williams had for Easter dinner Greg Tyler and Mary Shaw. Ted and Sean Williams called to give their grandparents Easter wishes.

Mr. and Mrs. Homer Smith and Andy had for Easter dinner, Dennis Smith, Lisa Doon, Bruce Smith, Adam and Didi Smith. Doug Smith stopped in during the morning and Larry and Shawn Smith called with Easter greetings.

We had for dinner my folks, Mr. and Mrs. George Allen, Norway, brother John, son James, Sue and Heather. For supper we had John and Don and Iva Holdeen. We had home made ice cream. Wilfred called from Hawaii, Saturday.

Pat Saunders and Jack Greig went to the Sunrise Service at Newry and then went for brunch with Pat's mother, Mrs. Eleanor Morton.

But Didn't
Do you ever think at close of day
Of kindly words you meant to say—
But didn't?

Do you ever think when day is done
Of errands kind you could have run—
But didn't?

Do you ever think at daytime's leave
Of flowers gay you meant to give—
But didn't?

Do you ever think when skies are red
Of hungry mouths you could have fed—
But didn't?

Do you ever think at dawn of night
Of letters kind you meant to write—
But didn't?

Friend, do you think at life's set of sun
You'll think of deeds you could have done—
But didn't?

Louise Loring, Corres.

The flu bug is running rampant in the Loring household this week. Amidst the economy size aspirin bottle, the pills, all the empty juice cartons and disheveled and torn bits of tissue, today I discovered it was Monday, and somewhere amidst the turmoil, a fairly decent column must present itself. I could talk of Easter's past. They were beautiful ones, gilded in my memory and etched with gold, when all my children were tots and the magic of Easter was so thick around the house, you could actually cut the emotional feeling with a knife. Always the smell of the yeast hot-cross buns filled the air, and after a bountiful Easter dinner my Dad, Mom, and my children and I would gather around the old piano, and sing hymns appropriate for the season. Dad's beautiful tenor voice, I can hear him now—leading us all in

perfect harmony. How thrilled were the "girls" to dress in their "nylon dresses" and little lace "thimble panties," and "stick-out slips" (as they used to call them) and my son—how neat and some-

how grown-up he looked in his little white shirt and bow tie. Today, they are all busy with their own lives but I still have the treasure to hold within my heart of those "golden days" which time can never erase. I did receive a call from my son in California, the sun was shining out there. He was taking his little family up the coast to participate in American Days, egg rolls and such, I judge. My mother is in intensive care at Stephens Memorial Hospital, and somehow today, I can't seem to come up with any "Pollyannas" to make it easier for myself or for anyone else.

Somewhere out there—I hope the Easter season prevailed—just as it once did, for myself. I thought for the week—a sharp tongue causes unnecessary trouble

Eveline B. Vatcher, Corres.

Mrs. Rhoda Vatcher spent several days with her daughter, Helen Berthold and family, at Sausalito, Mass.

Mr. and Mrs. Fred Oja went by plane April 1 to California to visit Fred's brother, George and his sisters, Aino and Julia.

The Community Club had a special meeting at the Vatchers' home on March 30 and they voted to have a public supper on April 9 from 5-8:30 and give the proceeds to Betty (Abbott) McAllister. Friends and neighbors who live on High Street will help with the food and do anything else that they do to help. Betty came home from the hospital on March 28.

Fred Judkins doesn't mention in his news items that he is thinking of returning to our good old State of Maine. Maybe he is afraid of the snow shovel.

Harlan Abbott and Joe Vatcher picked up Earl Newton and daughter, Faye Pond, at Mechanic Falls Saturday, and they went to Augusta to the Sportsmen's Show. Dick Bean Sr. and Glenice Robbins also went but were a bit late due to trouble with the truck. He sure picked a lemon.

The Mollycoddett Sportsmen's Club held their monthly meeting with Warren and Mary Emery, Harlan and Joe went.

Stone - Smart American Legion Post #82, Norway, held a benefit dance for the Ray Stone family of West Paris on March 26. Ray is a member of the post and has been out of work since last September due to illness. A full house made it a success. The Troubadours played for the occasion. It was delightful music to listen to and dance by. It was a complete surprise to Ray and greatly appreciated. The Legion is putting on a Mock Hee

Haw skit followed by a dance on April 8, a benefit for the new kitchen upstairs. Work has already started on it. Hopefully it will be ready by April 9. Election of officers will be held Wednesday April 13. A pot luck supper will be served at 6:30. Installation will be held May 11. Meeting refreshments will be served.

We stopped in town and did a little shopping when we got back to Bethel. That evening, Russell, Peggy and I went to Telstar to hear the "Air Force Band of New England" give their concert. It was very nice, and one certainly

didn't have to strain their ears to hear it.

Didn't do much on Friday. Guess I was just lazy, and couldn't seem to get started on anything. Peggy made a cake when she got home from work, and on Saturday, decorated it for the baby shower, to be held on Sunday for my daughter, Wynona Woolf. She did a beautiful job as usual.

In the evening, Russell, Peggy and I went to Grange at Rumford Center, where Russell had been asked to be Secretary, it being Gentlemen's night. It is quite a job to keep up with all the doings in a meeting and get everything written down, but Russell does a good job. I couldn't begin to do it as well. However, it was a long meeting, so didn't get home much before midnight.

Got up Sunday to a cloudy day. Peggy went to do the wash, but found the laundromat closed, so came back for a while, then went to West Bethel to her daughter, Loreta Merrill's for a while to visit. Rusty was home for the week end, and she wanted to see him as he doesn't expect to get home again until his school closes.

I had invited my daughter, Wynona, and husband, Michael Woolf, of Lewiston to come have Easter dinner with us, so got started in plenty of time preparing it. Had a baby shower planned for her in the afternoon, and knowing I couldn't surprise her no matter what I did, we just waited for the guests to arrive and then put out the gifts to be given. She got a lot of nice things and all are useful, when there is a new baby coming.

Those attending the baby shower were: Laura Hutchins, East Andover; Lorene Cobb and daughters, Mandy and new baby Calla, Bryant Pond; Helen Strout, Oxford; Frances Adams and daughter, Karen, Sweden; Barbara Yates and granddaughter, Eva, Sunday River; and of course, Russell, Peggy and I, as well as the proud parents to be, Wynona and Michael Woolf of Lewiston. A number of people, who couldn't come, sent gifts, so all in all we had a good party. Kenneth Whitman stopped for a few minutes with a gift from the family, as his wife couldn't attend. They are from Norway. Also Wendell, Viola and Toby Whitman, Norway, called with a gift. Didn't stay long, but glad they came.

I think all, who came, enjoyed the refreshments, including the lovely cake Peggy had made. It was so appropriately decorated for the occasion.

Had a nice visit from Juanita Haines of West Bethel, in the ev-

ening. She hadn't been able to attend the party either and had brought a gift. We enjoyed her visit very much, as we hadn't seen her in a some time.

We have enjoyed many birds this week. Here have been a number of Red Winged Black Birds, Starlings, Grackles, Juncos, Sparrows and our regular flock of Mourning Doves and Chick-a-Dees.

A new visitor was a Nuthatch. I mustn't forget the many Bluejays, or the Woodpecker that has become a regular visitor. Oh yes, there are times when we have a flock of Grosbeaks too. Our Red and Grey Sparrows mix in with all the birds to get a portion of the goodies Russell puts out, so we have quite a lot of fun watching all the goings on outside. Still have the long backed Chick-a-dee hanging on. It looked as though his beak was a mite shorter yesterday, so perhaps he will get along better now.

Greenwood City

— Mrs. Colista Morgan, Corres. —

Most days this week have worn a soot but Thursday was sunny. The clouds were torn apart into great windows but looked back into blue phantom gardens.

I decided to make the best of it and took a two mile walk. The sun shone on the newest snow and the snow flashed back sequins. The old goldenrod and weed stalks stood against the whiteness. The icicles had returned to the ledges and glistened in the sun.

I started out solemn as an owl thinking, "Why snow again?" But I found as I walked a new joy in it all.

In a short time I came to the place where the pussy willows grow. Alders and willows grew side by side. From somewhere among them there came the running trails and jingles of a few birds; a touch of spring bringing new life to my surroundings.

There was a fringe of brown grasses, and little pools which glistened like jewels as they lay before me. So from this place I could not reach pussy willows. I crossed the road and soon found some that were obtainable. I picked a few.

By Turtle Bridge the stream of water whispered its way beneath the logs and on to the swamp.

Some may not hear the singing but one other who had followed trails knew its glory as I do.

Looking forward to spring is morale building. March and April are rich with signs. There is a promise not found before, sound of trickling water to take down

drifts of the countryside, tempering of the cold, softness in the wind, and a wiff of spring which gives a lift to the spirit.

I stood for a time and looked to the hazy blue hills. A broad trail of yellow ran out and touched the peaks. This fascinated me.

Coming home a small clump of scrub oak leaves were still intact, whipped by the wind and many winter storms, the little clump still seemed to embrace a glaciated knob of granite on which it grew.

Wilderness music, was there for those who have ears to hear those things, and I'll be listening for more to come.

Doris Hayes had Club Night on Tuesday.

One day this week we called on the Mundis in Bethel and went to see Carl and Lettie Brooks in West Paris.

WOODSTOCK HISTORICAL SOC. TO DISPLAY RUGS AT MEETING, APRIL 9

At the next meeting of the Woodstock Historical Society, Saturday, April 9, at the Woodstock Elementary School, the group will examine the craft of rug-making. Two local craftspeople, Carl Brooks and Kay Billings, will demonstrate the current state of the art. The Society has recently been concentrating on crafts of all sorts for summer demonstrations. Involvement was particularly notable with chair-caning last month.

The following useful quote on the past from the late Starr Seguin, the Society's first secretary, is offered:

"We want what our ancestors made and had. It enriches life, and gives us the aroma of a past which is most delightful in retrospect, whatever may have been its strenuous reality."—Wallace Nutting.

m. The subject for the meeting is oxygen therapy.

Anyone interested in taking the BMT refresher course is welcome. The course runs for seven consecutive Thursday evenings beginning April 7 at 7 p. m., at Ledgeview Memorial Home. Contact Chris Healey, Chief of Service, to enroll in the course.

Safety Tip of the Week — Spring is a time when it feels good to get out and exercise. Take precautions not to overdo on the first day out doing yard work. Also take precautions to protect your skin from too much exposure to the sun. For those with sensitive skin, especially, it takes a while to harden our skin. No one likes sunburn.

It is hoped that an outreach of her work will be an in-school support group to help students deal with their problems.

The C.A.D.E.T. sponsored Mid-Day Media Series are continuing this week with a good number of students participating. This week students are viewing the film series "Straight Talk About Drugs."

This Friday, April 8, 22 Juniors and Seniors will go on a field trip to tour the campus of the University of Maine at Orono. This will be the first time for most of these students to actually visit a university campus as well as attend some classes actually in session. Mr. Hart and Mr. Roy will accompany these students. THIS WEEK AT THE
MOSES MASON HOUSE

All members and friends of the Bethel Historical Society are reminded that the April monthly meeting will be held this Thursday evening in the meeting room of the Moses Mason House, at 7:30. Featured speaker will be John Davis who will make a presentation on the "Grand Trunk at Bethel."

Director Stanley Howe spoke to Crescent Park School fifth graders on the history of mills and manufacturing in the Bethel area and a group of fifth graders from Rumford visited the museum. Howe also attended the opening of the "Maine Before Statehood" exhibit at the York Institute in Saco April 5 where Dr. Moses Mason was presented as a representative man in Maine at this time, one of ten so selected.

The first contribution of 1983 to the Regular Endowment was received this week from Tony and Eleanor Pugliese. Much appreciation is due them for their generosity.

New members this week are Warren Percival of Andover and Ed Kennett of Locke Mills.

A century ago the "Oxford Advertiser" for March 30, 1883 was reporting that Mr. Wilson Hammons "has sold out his store and goods to Mr. Bisbee, late of Newbury, trader." It was reported a week later in the "Advertiser" that Bethel was "sadly afflicted."

The correspondent continued: "Three dead ones are awaiting burial at this writing, Monday, J. L. Dillaway, the blacksmith, aged about 70, was stricken with paralysis last Friday night and died Saturday. He had a shock about two years ago, and was helpless for a long time but gradually recovered the use of his limbs, until he got so he could work quite comfortably at this trade. His wife died about a year ago of the same disease. He leaves an only daughter, Charles Brown, son of David Brown, esq., has been sick of the prevalent distemper, which ended in pneumonia Saturday night last. He belonged to the Odd Fellows Relief, and leaves a wife and child. Also a six year old son of William Grover, 'Robbie', a lovely little boy, and the light of the household."

Letters to the Editor

To the Editor:
In your article dated 28 March, 1983, from Doug Trotter the third sentence down he states: The building is unsafe in a number of aspects, being an old wood frame, three story structure with an antiquated oil burner within the building.

I hold a state of Maine Master oil burner and solid fuel license #711 and am in good standing as of this date. The boiler in this school building is of good make and was installed I believe by Jim Knights. It has been inspected yearly by the State and has passed every year. The oil burner is a modern flame retention head Carlin with safety controls as specified by the State licensing board. I believe the oil burner was installed by Brooks Brothers.

ASSET MANAGEMENT STUDY INCLUDES NATIONAL FOREST

The USDA Forest Service has completed another phase of the Asset Management Program on the White Mountain National Forest. Some 2,970 acres will be intensively studied to determine if they should be retained in federal ownership. The Asset Management Program is a national effort designed to improve the efficiency of managing federal lands and to identify property no longer needed for federal purposes. The objectives of the program are: 1. To sell excess federal property and some public lands that would have a higher and better use in private ownership; 2. To improve the efficiency of government by eliminating the need to manage property or lands that are costly and inefficient and not necessary to serve public objectives; 3. To pay off some of the national debt.

Land in statutorily designated areas on the National Forest System will not be sold. This includes areas in Wilderness, National Recreation Areas, Wild and Scenic Rivers and similar areas designated by law for land under the jurisdiction of the Department of Agriculture. A similar situation exists for lands administered by the Department of Interior. Lands in the National Park System, National Wildlife Refuges, and Indian trusts will not be considered for sale.

For the Forest Service, these types of Congressionally designated lands fall into the first of three categories, lands to be retained in public ownership. The majority of these lands on the White Mountain National Forest in New Hampshire and Maine falls into this category. Currently, this total of lands to be retained is 751,560 acres.

The second category is lands proposed for disposal. These are lands which can be sold under existing authorities and have met criteria for disposal. There appears to be positive benefits from sales of this land. The White Mt. National Forest has identified 260

BETHEL ROTARY CLUB'S 2nd ANNUAL SPRING DANCE SCHEDULED FOR MAY 7

The Bethel Rotary Club would like to announce that a Spring Dance sponsored by the American Legion Hall, Locke Mills, will be held at 9 p. m. A top line musical group known as the "Top Shelf" has been engaged for the night to play all styles of music for your dancing and listening entertainment. Tickets are now being sold by members of the Rotary Club. Tickets will also be available at the I.G.A. and at Prim's in Bethel on Friday, May 6, from 10 a. m. - 5 p. m., and on Saturday, May 7, from 9 a. m. - 3 p. m. Tickets may also be purchased at the Legion Hall on May 7.

This dance is one of the primary fund raisers for the Rotary Club of Bethel and local support is solicited. All revenues generated through Rotary activities are expended to provide services to youth programs, senior citizens, and for other humanitarian purposes. Let's all plan a night out and join in the fun on May 7.

Sunday visitors at the home of Sarah Andrews were Mr. and Mrs. Wayne Andrews and Kelly, and Keith Pierce and Mr. and Mrs. James Corbett.

Tim Kavanagh's mother is visiting them. She is from Connecticut.

All hands at K-D's Acres wish it would warm up so we could get at the many outside chores.

Callers during the week were Jim Perkins, Flo Cairns, Jeff Barton, and Franklin and Margaret Barton.

Mr. and Mrs. Richard Reutersham and son, Mr. and Mrs. Rodney McAllister, Alberta White, Joan and Rod White were Easter Sunday dinner guests of Mr. and Mrs. Albert McAllister.

Saturday night, Dick and I, Franklin and Margaret Barton, Bill and Yvonne Robinson, Tom Robinson, Roger and Yvette Barton, Chris and Elton Cole and Fran and Larry Parsons and friends of theirs all attended the dance in Oxford.

Sunday, Margaret and I went to Church in East Stoneham. Sunday afternoon, my family called on my folks, Mr. and Mrs. LaForest Twitchell, Aunt Kay Billings, Aunt Dot Hooper. We also called on Annie Nutting.

Sunday evening we had supper with Chris and Elton Cole and girls.

Why a person would make a statement like this I do not know? Believe me, the boiler and oil burner are not antiquated.

If you check: (1) Ethel Bisbee School you will find a Carlin flame retention head oil burner; (2) Crescent Park School, you will find a Carlin flame retention head oil burner; (3) Andover School, you will find a Beckett flame retention head oil burner. I will let you in on something, the main building at Woodstock has the newest boiler of all these buildings.

I would suggest that you check with the experts but I once heard that an expert was a damn fool five miles from home, and I have found it quite close to the truth.

Happy hunting,

HISTORICAL SOCIETY'S LAST FILM OF SERIES APRIL 13

"The Man Who Corrupted Hadleyburg" a film based on the short story by Mark Twain will be the eighth and last in the series "The American Short Story" sponsored by the Bethel Historical Society with the support of the Maine Humanities Council and the National Endowment for the Humanities in cooperation with the Film Services Division of the State Library. The story focuses on a mysterious stranger who, slighted by the people of Hadleyburg years ago, reappears on the scene to disprove the town's reputation of being "the most honest and upright" in the region. The film is free and open to anyone interested. It will be held in the meeting room of the Dr. Moses Mason House, April 13, at 7:30 p. m.

acres in Winterport that fall into this category.

The third category is land areas which will be studied intensively to determine if they should be retained in federal ownership. This totals 2,970 acres. Of this total, 1,657 acres is in New Hampshire and 713 acres in Maine. These lands consist of mostly isolated parcels separated from the main body of the National Forest.

Maps of the areas identified in the Further Study category are available for review at the Forest Supervisor's office in Laconia, N. H., and at District Ranger offices.

Legislation is necessary before National Forest land in the Further Study category can be sold. The USDA will soon propose legislation to authorize sale of those portions of the National Forest System which ultimately may be found suitable for disposal. Additional analysis for possible sale of the lands in Further Study category is not planned until the necessary legislation is enacted.

Protection and management of the lands within the Further Study areas will continue as planned until a decision is made as to their disposition.

WOODSTOCK CLASS VISITS HISTORICAL SOC. MUSEUM

Miss Ellen Haventenn's first grade class at Woodstock Elementary School visited the Woodstock Historical Society Museum last Thursday. Society President Mary Billings and Curator Larry Billings explained the exhibit. The museum is in the school annex in the room Miss Haventenn taught in for many years. The students enjoyed seeing the Bryant family pictures. Robert Crockett's portrait (the Society's new building came, of course, from Mrs. Annie Crockett), and tools and household items of every description. This is the third Elementary School class to visit the Museum this year, despite cold weather and lack of heat. Others have received classroom presentations from Society members.

The students were the first to receive copies of the new Society postcards of Lake Christopher chosen by Past-President Eva B. Twitchell from the collection of Richard Fraser.

It's finally turning a little warmer so we can start our field trips. We will be going to Labans' sheep farm in Northwest Bethel this Thursday.

Our goals for the next two weeks will be centered around "Growing things." We will be doing some indoor planting for the children to learn more about growth. Katrina has been working on sign language and we're all picking it up fast.

We have a new member in our big family here at the Center. Her name is Shanna Walker. Welcome to her and her family.

We also have an extension to our fish family. Teresa Gibson's mom brought us in seven new little fish for our aquarium. Thank you, Grace.

Parents please remember our bake sale on Friday, April 8, at 9:30 at the Bethel Savings Bank. We need the food to get the sale so let's get cooking. Also many thanks to our volunteers.

Those youths interested in applying for a position in the eight week Youth Conservation Corps (YCC) program on the Evans Notch Ranger District of the White Mountain National Forest are reminded that applications must be in the District Ranger's office by 4 p.m. on Friday, April 15, 1983. Applications and information are available at the Ranger Station Monday through Friday, 7:30 a.m. to 4:30 p.m.

Bids are due on April 20 at the Forest Supervisor's Office in Lacombe, N. H., for a site preparation contract opportunity in Chatham, N. H. A tour of the areas will be given on April 14. Those interested will meet at the Snow General Store in Stow, at 9 a.m. In early May, there will be a contract opportunity for planting 68,000 softwood seedlings on 156 acres on the Evans Notch Ranger District. The planting of softwood seedlings is being increased to replace softwoods lost in the December 1980 windstorm.

Forest Service Wildlife Biologist, Jim McGowan, reviewed the Wildlife Demonstration Area in Mason last month, and has made recommendations for future management. Treatment of hardwood regeneration and release of apple trees in a 17 acre opening will begin this spring.

Uneven-aged management of forest stands is beginning to be applied again on the White Mountain National Forest. Managed uneven-aged forests are characterized by trees of many ages and size classes. Trees are harvested singly or in very small groups. Two primary areas where uneven-aged management will be applied are areas where the visual quality of the landscape is a major concern, and areas of spruce, hemlock, or hemlock-hardwood below 2,500 feet in elevation selected to be managed as deeryards.

Many questions have been asked about news reports concerning the President's Asset Management Program. A map of the study areas and additional information are available at the Ranger Station.

South Woodstock

Olive Davis, Corres.

Gary and Carolyn Billquist and two children of Motopian City, Tenn., spent this week-end with Mr. and Mrs. Schroer as a family. They returned to Tennessee Sunday.

We had seven inches of snow Sunday night, March 27. It was a very wet snow and hard to plow. This has been a bad spring year as the weather has been too warm or too cold. The sap needs freezing nights and warm days. Also the best runs come on northwest winds to be perfect.

Richard Felt was in Augusta Saturday where he joined with others to entertain the soldiers a few hours with fine music at To-gus.

The Schroers were in Boston Wednesday where they met their brother, Michael, who flew in from Washington State for a visit in New Hampshire and Maine.

Mrs. Esther Davis and I attended the funeral of Marion Mayhew at West Paris Universalist Church.

Olive Davis was in Bridgton Sunday afternoon for three hours to visit Mr. and Mrs. Arthur Andrews and family. Daphne Hoover, a great, grand niece, celebrated her birthday that day although it really is the 29th.

Esther Davis, Patsy Tibbets and two children were in East Livermore, Sunday afternoon attending a birthday party for Methyl Brown who was celebrating her 80th birthday. Methyl is a sister-in-law to Esther. Methyl was pleased to receive a card from President Reagan.

Marta Clements took a load of the Youth Group to Norway Sunday night to see the movie "Tootsie." Esther Davis, also took a load of the youths. This is the Universalist group.

Mrs. Thomas Schroer was tendered a baby shower at Mrs. Calvin Mason's home. Mrs. Jewell Goss was co-hostess with her. Mrs. Schroer was a recipient of many gifts for baby Heidi.

Mr. and Mrs. Donald Brown visited with Esther Davis Thursday.

SUNDAY RIVER CANOE RACE HELD LAST SATURDAY

April Fool's Day came a day late to Bethel this year as 15 canoes and twice as many people raced down the Sunday River last Saturday, over rocks, around submerged trees, and six miles of ice water.

Only a few felt the water's cold temperatures from head to toe. Most of the competitors knew through the wet feet of wading over gravel bars what the temperature was. The second annual Sunday River canoe race was a fun day for all contestants and spectators. Organizer Tim Carter was delighted with the sunny day. He had only hoped for higher water.

The fastest boat in the race went to a single, Bob Martin, who raced the river by himself for a time of 45:38. Next fastest boat was John Morris and Matt Payson with a time of 45:15. The third fastest boat went to a family team of Julie and Sonny Hastings with a time of 46:48. Coming in second in the family class were Becky and Tim Carter with a time of 52:27.

The largest competition was in the recreational canoeist, those just out for the fun of it or canoeing with recreational boats, not racing boats. In the mixed class, Saranne Taylor and Peter Colburn came in first with a time of 51:05. Stephen Rhodes and Sherry Holmes came in second with a time of 52:39. In the men's recreational class only 12 seconds separated the first place of Chris and Derrick Decker (50:20) from second place of Tony Lacroix and Jeff Parsons (50:32). Third place and definitely best dressed went to Steve Wight and Greg Wight (52:24).

With no opponents in the women's class, JoDee Carter and Jane Chandler won first place hands down (and feet down into the cold water) with a time of 56:29. Eric Wight and Jeff Smith had an excellent race in the junior class. They were the first boat out and only the second to arrive with a time of 54:23. Too bad no others entered their class.

Everyone seemed to enjoy themselves, even Andy and Kate Wight who blamed their aluminum boat for their position of last. David Thurston of the Sudbury Inn hosted the awards ceremony. A dinner for two at the Sudbury Inn was won by Gary Bor and Robert Dionne.

partment at the University of Maine at Orono. This support includes scholarships for graduate and undergraduate students, stipends for faculty and laboratory equipment. The net result of this long-term support, according to Engineering and Science dean Dr. James Clapp is to make the chemical engineering department "the most stable" discipline in the college.

ness world, and being unable to house all his patients in his home. Dr. Gehring encouraged some of his patients to incorporate and begin construction of the Inn. In the architecture of what is now the Main Building, one can see its real purpose subtly revealed: the lobby was arranged as suites for the comfort of Dr. Gehring's patients, while the back rooms were single rooms designed primarily for nurses and attendants. The Inn's golf course was created by the doctor's patients who would "rough out" the course during the day as part of their work therapy.

The Bethel Inn has grown into a village within itself. Now comprised of five buildings (all built in the Federal or Colonial tradition) not including a small cottage on Songo Lake, the Inn is open year-round and employs many people in the Bethel area.

Much of the original Hitchcock furniture is still used on the property as well as some original Spruce China which was designed and made exclusively for the Bethel Inn.

The Inn prides itself on offering a wealth of activities including golf, tennis, lake and pool swimming, sailing, as well as many winter-related activities. The staff of the Inn would be pleased to conduct tours of the Inn. Further information can be obtained by contacting the Bethel Inn at 824-2175.

main unfilled. Two vacancies each exist on the Budget Committee and Planning Board. Anyone interested in serving in these areas should contact the Town Office or any member of the Board of Selectmen.

Two concealed weapon permit applications were acted upon before moving to reestablish the Equipment Operator-Laborer II position at the Town Garage (nicknamed "the grader operator") to full-time status. For several months last summer and fall after resignation of the incumbent, the position was left vacant to see whether a cost savings could be achieved. The results showed that the money saved in wages was more than offset by the expenses of hiring part-time labor and the number of projects, including traffic sign relocation and road repairs, that were left incomplete.

In other business, the Board reviewed two invoices, one from the Town's attorney regarding a town line question currently in litigation and the other from S.A.D. 44, regarding the services of the Main Street school crossing guard. The concept of having a student or students from the University of Maine at Farmington as work study students, at no cost to the Town, was approved. The Manager was directed to draw up a list of possible projects to be done by the students for Board approval prior to commitment.

A request was reviewed from a Dixfield resident to open a gravel pit on his land off Route 232 in Bethel. The matter was forwarded to the Planning Board for careful consideration of all factors which, in turn, will be reported to the Board of Selectmen before a decision is made.

The Selectmen, acting as Sewer District Trustees, moved to set the rate for past due sewer accounts at 15% per year as of April 1, 1983. This action was taken pursuant to Title 36 M.R.S.A. section 505 that ties the interest on delin-
